

My name is Heather Fletcher. As a foundation governor, I'm nominated by the PCC as a representative for Ettington Church.

I have lived in Ettington since 2012 and although I no longer have children at the school, I have been a parent at this school. My daughter started in Reception in 2013, she is now in year 10 and my son left Ettington Church of England Primary School last year. Both are attending Shipston High School.

I became a governor in 2015, taking on the role of Chair of Governors this academic year. With a passion for SEND, I am actively involved in SEND in school as the SEND Link Governor, working closely with Mrs Brown, the school SENCO. I am also responsible for Safeguarding at school.

I feel very privileged to be able to take an active role in the school, not only as a governor but also regularly coming into school to take part in various activities and going on school trips. This allows me the valuable opportunity to get to know the pupils, spend some quality time talking to them and getting to know them individually, which is a real joy and privilege.
