

1st October 2024

Ettington Church of England
Primary School

Dear all,

- We are excited to announce that our school is participating in a project which aims to develop our Special Educational Needs and Disabilities (SEND) provision through developing peer to peer support with other local schools.
- This initiative, called the Inclusion Framework for Schools project, is part of Warwickshire County Council's (WCC) Education Transformation Programme and is being coordinated by WCC with support from its Educational Psychology Service.
- This project has been trialled in the Rugby and Bedworth areas where it has had some positive feedback and is continuing to allow further evaluation.
- This project will involve working together with other schools to evaluate existing SEND provision, identify and address training needs and to support one another to develop our practice and provision.
- As part of this project the SEND and Inclusion change team would like to collect the **views of parents and carers whose children have, or may have, Special Educational Needs and/or Disabilities**. If you are willing to anonymously share your views please follow this <https://forms.office.com/e/kKfDN05XKi> or scan the QR code .

- If you would prefer a paper copy of the survey please request this from the school office and they will arrange this to be sent to you.
- Watch this space for updates around the project – the work we are doing, and how we are learning and shaping our practice to improve outcomes for our children.
- We look forward to sharing exciting and important updates with you in the coming months.

Sherrel Brown
Deputy Head Teacher/SENDco
