

My name is Sherrel Brown. I started my teaching career in 1995 and have worked across three different local authorities in schools of varying sizes. In 2000, I completed a post graduate certificate in Managing the role of the Special Needs Co-ordinator and have relished working with children who find learning challenging. In September 2023, I joined Ettington Primary School as Deputy Headteacher, SENDco and Designated Safeguarding Lead and have thoroughly enjoyed my first year as part of a dedicated team, knowing that the staff put children at the heart of everything they do. 'Learning for the Fullness of Life' is what makes our school the wonderful school it is. Our governing body is made up of experienced, passionate individuals who care about the school, the community and want the children of Ettington to be successful and happy. They offer encouragement and advice and help us to reflect on our decisions to ensure we get the best possible outcomes for all.
