

13<sup>th</sup> March 2025

**Re:- Recycle for Warwickshire**

Ettington Church of England  
Primary School

Dear Parents and Guardians,

We are organising a waste free lunch on Thursday 20th March as part of World Recycling and would like your help.

On this day please could you help your child to bring a packed lunch with no packaging or as little as possible.

Tips for preparing a waste free lunch

- Use a reusable container for sandwiches or wrap in kitchen roll / greaseproof paper
- (which can be composted) instead of foil and Clingfilm
- Bring your drink in a reusable bottle rather than cartons or foil pouches
- Yoghurt – buy a large pot and spoon some into a reusable container
- Raisins, biscuits and crisps can be brought in larger packs and a few can be put in a reusable container
- Use cutlery that can be washed and used again.
- Eat fruit snacks, the leftovers can be composted
- Only take what you can eat – there should be NO Food Thrown Away after lunch. If someone else makes your packed lunch for you tell them what you like and don't like so that they don't waste time and money putting something in that you just put in the bin.

I hope that you will be able to help us with this project, by doing so you will be helping the environment by reducing waste.

Thank you for your support

Ettington Eco Council
