Primary School

Dear Parents/Guardians

Year 4 Trip to The National Space Centre

As part of this term's continuing work on Space, I am delighted to confirm that we have arranged for Year 4 to visit the National Space Centre, Leicester. We will be visiting on Wednesday 19th April 2023.

This visit will educate and entertain the children, giving an insight into the world and universe that exists around us. The National Space Centre is the UK's largest attraction dedicated to space where the children will find themselves immersed in an awe-inspiring journey, taking in differently themed galleries, seeing amazing space rockets, satellites and capsules, taking part in lots of interactive hands-on activities and experiencing a guided 'Journey through the Solar System' in the Planetarium.

Your child will need a packed lunch and plenty to drink – no glass bottles or fizzy drinks please. Please also ensure that they wear school uniform and have a lightweight coat with them. As the day will be packed with activities, there will be no time I'm afraid to visit the shop (so no spending money is required).

The cost of the trip is £14.95 (which the FoES have very kindly subsidised) which includes transport, entry fees and a guided visit in the planetarium.

If you wish your child to participate on this visit, please can you send in the form below and the money by Wednesday 5th April 2023. The bus will leave school at 9.00am prompt and return for approximately 3.00pm.

Yours sincerely

Mrs C Kemp
Class 4 Teacher

Please can you return the reply slip no later than Wednesday 5th April 2023

YEAR 4 TRIP TO the NATIONAL SPACE CENTRE – WEDNESDAY 19TH APRIL 2023

I give permission for my child to attend the Year 4 Trip to the National Space Centre
