Learning for Fullness of Life Trust-Respect - Love

# **PSHE & RSE EDUCATION POLICY GUIDANCE**

## **PSHE and RSE Education Policy Guidance: overview and key**

#### Introduction

Building on the theological concepts that God created the earth and everything in it, we provide opportunities to appreciate God's creation of the world and how EVERYONE was made in God's image (Imago Dei) and loved, valued, celebrated and represented. As a school, we aspire to live out God's plan for all to flourish. We believe in providing our children with varied opportunities to use and develop the gifts and talents they have been blessed with, to ensure they embrace "Life in its fullness" (John 10:10).

#### Aim

All schools are currently expected to provide PSHE education in their curriculum. This expectation has been strengthened from September 2020, when Relationships Education and Health Education aspects of the primary curriculum became compulsory in all schools. It's vital that schools continue to cover the full breadth of PSHE education subjects that are outside the scope of the DfE's statutory RSHE requirements so that wider life issues can be explored; these include economic education, environmental and community issues, rights and responsibilities.

SCARF provides a comprehensive scheme of work for PSHE education and covers all of the DfE's statutory requirements for Relationships Education and Health Education. It also covers the learning opportunities within the PSHE Association's Programme of Study, therefore providing for elements such as the rights of the child, caring for the environment, economic education, and children's social, moral, spiritual and cultural (SMSC) education, including British Values, which are statutory requirements.

We are therefore providing SCARF schools with this PSHE education policy guidance and template should you wish to have in place a policy that not only covers Relationships and any Sex Education you choose to teach, but all aspects of PSHE education as covered by SCARF.

## 1. How this Policy was developed

This policy was developed in consultation with parents, teachers and other school staff, governors and the pupils at Ettington C of E Primary School. We have listened and responded to all views to help strengthen the policy, ensuring that it meets the needs of all of our pupils. It has been approved by the school's governing body.

## 2. Legal requirements of schools

It is now a statutory requirement for primary schools to deliver Relationships Education and the Department of Education (DfE) encourages schools to deliver Sex Education that ensures both boys and girls are prepared for the changes adolescence brings and – drawing on knowledge of the human life cycle set out in the National Curriculum for science – how a baby is conceived and born.

Health Education is also statutory in all schools1.

We at Ettington acknowledge that under the Education Act 2002/Academies Act 2010 all schools must provide a balanced and broadly-based curriculum and wish to have a policy that not only covers the statutory content but covers all aspects of our Personal, Social, Health Economic (PSHE) education provision.

# 3. What Personal, Social, Health and Economic (PSHE) education including Relationships Education, is:

Our PSHE education, including statutory Relationships and Health education as recommended by the DfE, provides a framework though which key skills, attributes and knowledge can be developed and applied. This promotes positive behaviour, good mental health and wellbeing, resilience and achievement, helping children to stay safe online, develop healthy and safe relationships, making sense of media messages, challenging extreme views and having the skills and attributes to negotiate and assert themselves now and in the future.

The school's PSHE provision supports the school's aims of developing confident and successful learners who are creative, resourceful and able to identify and solve problems. The social and emotional development of pupils is embedded throughout the entire school's curriculum and culture. The school has a powerful combination of a planned thematic PSHE program, built around a spiral curriculum of recurring themes, designed to:

- 1. Give pupils the knowledge and develop the self-esteem, confidence and self-awareness to make informed choices and decisions;
- 2. Encourage and support the development of social skills and social awareness;
- 3. Enable pupils to make sense of their own personal and social experiences;
- 4. Promote responsible attitudes towards the maintenance of good physical and mental health, supported by a safe and healthy lifestyle;
- 5. Enable effective interpersonal relationships and develop a caring attitude towards others;
- 6. Encourage a caring attitude towards and responsibility for the environment;
- 7. Help our pupils understand and manage their feelings, build resilience and be independent, curious problem solvers;
- 8. Understand how society works and the laws, rights and responsibilities involved.

We know there is a proven link between pupils' health and wellbeing, and their academic progress. Crucial skills and positive attitudes developed through comprehensive Personal, Social, Health and Economic education are critical to ensuring children are effective learners.

Learning for the Fullness of Life (John 10:10)

<sup>&</sup>lt;sup>1</sup> Except Independent Schools where PSHE education remains statutory.

#### 4. How PSHE education, including Relationships Education, is provided and who is responsible for this

At Ettington C of E Primary School, we use SCARF, a comprehensive scheme of work for PSHE and Wellbeing education,

https://www.coramlifeeducation.org.uk/

An overview of SCARF can be found in our appendices. It covers all of the DfE's new statutory requirements for Relationships Education and Health Education and the PSHE Association's Programme of Study's recommended learning opportunities, as well as contributing to different subject areas in the National Curriculum.

We follow the six suggested half termly units and adapt the scheme of work where necessary to meet the local circumstances of our school, for example, we may use our local environment as the starting point for aspects of our work. The school council are also consulted as part of our planning, to ensure pupil voice in considered and fed into the planned programme.

Our PSHE subject lead, Mrs Sarah Hudspith, works in conjunction with teaching staff in each year group and is responsible for ensuring that all staff are equipped with the knowledge, skills and resources to deliver PSHE education confidently. Teachers can access a range of teaching support resources within SCARF, including guidance documents and teacher training films. Any teacher wanting further support should contact the PSHE subject lead in the first instance to discuss their training needs.

Class teachers follow the suggested six half termly units provided by SCARF for each year. Lessons can be a weekly standalone PSHE lesson or be cross curricular. The lesson plans list the specific learning objectives for each lesson and provide support for how to teach the lessons; class teachers and our PSHE lead often discuss this on an informal basis.

We have chosen SCARF as our PSHE resource because the lessons build upon children's prior learning; we have assessed the content and feel that it is relevant and sensitive to the needs of the children. There is planned progression across the SCARF scheme of work, so that children are increasingly and appropriately challenged as they move up through the school. Assessment is completed by the class teacher using the SCARF Summative Assessment 'I can...' statements, alongside the lesson plan learning outcomes to demonstrate progression of both skills and knowledge. SCARF's three different assessment strands here.

## 5. What is being taught

In the appendices can be found the SCARF medium term planning for both Key stage 1 and 2 and the Early Years Foundation Stage as well an overview of our science programmes of study.

### The Early Years Foundation Stage

In the Early Years Foundation Stage, PSHE education is about making connections; it's strongly linked to child-led activities, including play. PSHE is taught through activities that are part of topics, as well as on an individual basis to develop personal skills such as dressing, feeding and toileting. Positive experiences are built through daily opportunities, to share and enjoy a range of different activities. Children are given the opportunity to engage in social activities, as members of a small group or occasionally during whole-school activities.

#### KS1 and KS2

The SCARF programme divides the year into 6 themed units:

- 1. Me and My Relationships: includes content on feelings, emotions, conflict resolution and friendships;
- 2. Valuing Difference: a focus on respectful relationships and British values;

- 3. Keeping Myself Safe: looking at keeping ourselves healthy and safe
- 4. Rights and Responsibilities: learning about money, living the wider world and the environment;
- 5. Being My Best: developing skills in keeping healthy, developing a growth mindset (resilience), goal setting and achievement;
- 6. Growing and Changing: finding out about the human body, the changes that take place from birth to old age and being safe.

Children are encouraged to engage in activities that promote an understanding of themselves as growing and changing individuals, and as members of a wider community, based on their own first-hand experiences. These activities also encourage pupils to understand how their choices and behaviours can affect others. They are encouraged to play and learn alongside – then collaboratively with – their peers. They may use their personal and social skills to develop or extend these activities. Children are also given the opportunity to make choices about their health and environment and are encouraged to develop a caring attitude towards others.

Within National Curriculum Science in Y2, the children learn that animals, including humans, have offspring that grow into adults. They should be introduced to the concepts of reproduction and growth, but not how reproduction occurs. In Y5, children are taught about the life cycles of humans and animals, including reproduction. They also learn about the changes that happen in humans from birth to old age. This includes learning what happens in puberty.

It is important that the transition phase before moving to secondary school supports pupils' ongoing emotional and physical development effectively. The DfE recommends that all primary schools should have a sex education programme, tailored to the age and the physical and emotional maturity of the pupils. Within our non-statutory sex education that takes place in Y6 children will learn about how a baby is conceived, whether through sexual intercourse or IVF. This information builds on content they have previously learnt in the programme about relationships, puberty changes and reproduction; it lays the foundations for their ongoing Relationships and Sex Education in their secondary phase.

We meet the learning objectives as set out in the Relationships Education, Relationships & Sex Education and Health Education (England) Regulations 2019 for primary schools with a whole school approach. Across all year groups we deliver the Protective Behaviours: Taking Care programme as recommended by Warwickshire Safeguarding. This programme is based on a spiral curriculum beginning in Reception, building on key messages through to Year 6 and is delivered by the classroom teacher.

### 6. How PSHE education, including Relationships Education, is taught

PSHE lessons are taught by the class teacher once a week in the timetabled PSHE lesson, throughout the whole year in their usual classes, in mixed sex groupings, using a range of interactive teaching methods, e.g. activity sheets, films, songs, online games, and drama techniques.

To ensure that children feel comfortable to learn about a range of topics, we create a safe learning environment using a group agreement at the beginning of lessons or topics. This includes a confidentiality statement understood by adults and children. The teachers will also use a range of skills, including distancing techniques and the anonymous question box. Teachers will answer children's questions factually and honestly in an age-appropriate way and respond to any disclosures following the schools safeguarding procedures/child protection policy which can be found on the school website.

#### PROTECTIVE BEHAVIOURS

Protective Behaviours is a practical and down to earth approach to personal safety. It is a process which encourages self-empowerment and brings with it the skills to avoid being victimised. This is achieved by helping children recognise and trust their intuitive feelings (Early Warning Signs) and to develop strategies for self-protection. The Protective Behaviours process encourages an adventurous approach to life which satisfies the need for fun and excitement without violence and fear.

Theme 1: We all have the right to feel safe all the time.

Theme 2: We can talk with someone about anything, even if it feels awful or small.

Protective Behaviours uses a Rights and Responsibilities approach and encourages children to recognise their Early Warning Signs (EWS) and develop their own support networks of safe adults with whom they can share their worries. Protective Behaviours are delivered from Reception to Year 6. There are four lessons in each year group.

Protective Behaviours - Taking Care Programme				
Reception	Feelings: There is no such things as good or bad feelings Theme 1,	Body Awareness: Naming Private body parts: Penis, Vulva, & anus. mouths are private too	EWS/Scary body feelings: identifying children's EWS	Telling & Secrets: Theme 2, Children will construct their own support networks hands.
Year 1	Feelings: Feelings are feelings, not good or bad, it is how we behave when we have feelings that matters Theme 1.	Unsafe Feelings & Body Awareness: Our bodies warn us f we feel unsafe - we call these feelings EWS	Body Privacy & Secrets: Naming Private body parts: Penis, Vulva, & anus. mouths are private too. Safe & unsafe secrets	Telling & Networks: Theme 2, Children will construct their own support networks hands.
Year 2	Feelings, Rights & Responsibilities: What are Rights & Responsibilities? Theme 1.	Unsafe Feelings, Problem Solving: recognising EWS. Is my fun, fun for everyone?	Body Awareness & Personal Space: my body belongs to me. No one has the right to touch me in a way i don't like. Theme 2.	Networks & Using Them: Children will construct their own support networks hands. Theme 2.
Year 3	Feelings, Rights & Responsibilities: A feeling is a feeling, not good or bad, right or wrong. What are Rights & Responsibilities? Theme 1.	Unsafe Feelings: identifying children's EWS. Strategies as to what to do when experiencing their EWS.	Body Awareness & Telling: my rules for safety & my body. My body belongs to me.	Networks & Using Them: Children will construct their own support networks hands. Theme 2.
Year 4	Rights & responsibilities, Feelings: exploring children's Rights & responsibilities that come with them. Theme 1.	Safe & Unsafe Feelings: exploring Situations when it feelings fun to feel scared. Recognising EWS.	Exploring Theme 2, Secrets: safe & unsafe secrets. Theme 2	Networks & Using Them: Children will construct their own support networks hands. Theme 2.
Year 5	Rights & responsibilities, Feelings: exploring the Rights of the child. Theme 1.	Safe feelings, Fun to Feel Scared & EWS: exploring & creating safe places. Situations when it feelings fun to feel scared. Recognising EWS.	Theme 2, Secrets & Networks: safe & unsafe secrets. exploring Theme 2 and creating support network hands.	Using Networks: Network review, Who makes a good network person. Keep telling.
Year 6	Rights & responsibilities, Feelings: exploring the Rights of the child. Emotions Theme 1.	Safe feelings, Fun to Feel Scared & EWS: Theme 1. is my fun fun for everyone. Recognising EWS.	Theme 2, Secrets & Networks: safe & unsafe secrets. exploring Theme 2 and creating support network hands.	Using Networks: Network review, Who makes a good network person. Keep telling.

# 7. How PSHE education is monitored, evaluated and assessed

#### **SCARF Progress**

For each of the six units we carry out a specially designed pre- and post-unit assessment activity. Conducted twice, first at the beginning of the unit to determine where the children are at; and then again at the end of the unit, enabling us to monitor progress, record key points and identify areas for further development. This both teacher and child to see what progress has been made over the course of each half- termly unit of lesson plans.

This method of recording also enables the teacher to make an annual assessment of progress for each child, as part of the child's annual report to parents. We pass this information on to the next teacher at the end of each year.

The monitoring of the standards of children's work and of the quality of PSHE education is the responsibility of the PSHE subject lead. The work of the subject lead also involves supporting colleagues in the teaching of PSHE education and being informed about current developments in the subject.

The PSHE education subject lead gives the head teacher an annual summary report in which teaching and learning of the subject is evaluated. Areas for development are also identified. The PSHE education subject lead has specially allocated regular management time, enabling them to review evidence of the children's work and monitor any assessments made.

### 8. How the delivery of the content will be made accessible to all pupils

It is not our school's policy to withdraw pupils with special educational needs from PSHE education to catch up on other national curriculum subjects: these aspects of personal and social development are as important to all pupils as their academic achievement and contribute to it. Lesson plan content will be adapted, and extra support provided where necessary to ensure all pupils are enabled to develop key skills, attributes and knowledge developed through the PSHE education programme. Work in PSHE takes in to account the targets set for individual children in their Pupil Profiles (PPs).

SCARF lesson plans are flexible and allow for teachers, who are skilled in adapting curriculum content to meet the needs of the children in their class, to adjust their content to meet the learning outcomes.

Our school ensures that the Relationships and Sex Education (RSE) elements of the PSHE education programme are relevant to all pupils; whatever their gender identity. All pupils learn together about all the changes that someone may experience as they go through puberty to help develop empathy and understanding and to reduce incidences of teasing or stigma. This will also ensure any child that identifies as transgender will have access to RSE that is relevant to the puberty they are likely to experience.

Our school acknowledges different ethnic, religious and cultural attitudes, as well as recognising that pupils may come from a variety of family situations and home backgrounds. These different families are acknowledged through our teaching and the use of resources that promote diversity and inclusion in Relationships Education.

Research shows that, on average, about 4% of pupils will go on to define themselves as gay, lesbian, bi-sexual or pansexual (GLBP). It is possible that some pupils will also have GLBP parents/carers, brothers or sisters, other family members and/or friends. Our PSHE education acknowledges this through scenarios, in a sensitive, honest and balanced consideration of sexuality. This helps create a safe environment for all pupils and staff. The public sector equality duty, created under the Equality Act, requires schools and other public authorities to eliminate discrimination and to advance equality in its everyday business, in the design of its policies and curriculum. Schools have a legal responsibility for eliminating discrimination; to do this, schools are required to raise pupils' awareness of diversity and promote respectful relationships with those who are different from them.

#### 9. Parental concerns and withdrawal of students

Parents have the right to request that their child be withdrawn from some or all of the non-statutory Sex Education our school teaches but not Relationships Education. They do not have a right to withdraw their children from those aspects of Sex Education that are taught in the statutory National Curriculum Science and Health Education. Parents are invited to view our resources and discuss any concerns with our staff.

Before granting a request to withdraw a child/ren, the head teacher will invite the parent to discuss the request with them to ensure that their wishes are understood and to clarify the nature and purpose of the curriculum. The head teacher will discuss with the parent the benefits of receiving this important education and any detrimental effects that withdrawal might have on their child. This could include any social and emotional effects of being excluded, as well as the likelihood of the child hearing their peers' version of what was said in the classes, rather than what was directly said by the teacher (although the detrimental effects may be mitigated if the parent proposes to deliver sex education to their child at home instead). The school is responsible for ensuring that should a child be withdrawn, they receive appropriate, purposeful education during the period of withdrawal.

Parents should be given every opportunity to understand the purpose and content of Relationships Education and Sex Education. Good communication and opportunities for parents to understand and ask questions about our school's approach help increase confidence in the curriculum.

It is statutory for our school to show parents examples of the resources we plan to use. We will provide opportunities for parents to view examples through class/year group meetings either face to face or virtually. Ongoing communication with parents about what is planned to be taught and when, will be provided through termly letters home. We advise parents to view the resources in order to support them in carrying out their responsibilities relating to providing RSE at home. It is valuable for a child's development to learn about its own families' values in regards to relationships and sex alongside the information they receive at school.

#### 10. Sources of Further Information

This policy has drawn on:

- Relationships Education, Relationships and Sex Education (RSE) and Health Education Guidance, Department for Education (July 2019)
- Creating a PSHE education policy for your school, The PSHE Association (September 2018)
- Sex and Relationships Education (SRE) for the 21<sup>st</sup> Century, Brook, Sex Education Forum and PSHE Association -Supplementary advice to the Sex and Relationship Education Guidance DfE (0116/2000) (2011)

# This policy should be read in conjunction with the following:

- School's own Safeguarding/Child Protection policy (inc. responding to disclosures)
- School's own Anti-bullying policy
- School's own Equality, diversity and inclusion policy
- DfE 'Keeping children safe in education' (2019)
