

Our Trip to Blakesley Hall 3.11.22

Yesterday, we got to school excited because we were going on a school trip. We got on the bus and took an hour to get there! When we arrived, we met Will who showed us around. Will taught us about the Great Fire of London. First we went into the house and it was a very fancy room. After that we went upstairs and Jasper dressed up as Samuel Pepys. It was very funny when he snored. Isla was a maid. They did very good performances. Then I got to be King Charles II. I was a very good king. I enjoyed it. Then we had lunch. We had a look to see what the time was. Then we did some activities like brass rubbings, quill writing and looking at artefacts. Then we went on the hours journey again. What I enjoyed most about the day was being with everyone and the teachers looking after us!

By Hannah

We had a long journey to Blakesley Hall. When we got there we saw our tour man, his name was Will. He was very nice. Then he wanted us to line up and we got to go into the house. When we were inside we were talking about the Great Fire of London. After we went into the dining room we got to go behind the ropes and get closer to the food. After that, we did some activities and finally we played outside. My best bit was when Jasper, Isla and Toby dressed up!

I woke up very excited today because it was my school trip to Blakesley Hall. Finally we got to school and we went on the coach for an hour. At last we got there and Will introduced himself! Then he invited us inside the old, wooden house. The first room we went to was the bakery. Toby dressed up as Thomas Farriner and Lola was a maid. Will thought that we were good so he let us in the fanciest room. The next room we went in was Samuel Pepys' bedroom. Jasper got dressed up as Samuel Pepys and got into the bed. Then it was lunchtime. After lunch we wrote with a quill. Then we went back to school. What a busy day!
