

My name is Yolanda and have recently been appointed as your new Chair of Governor's.

I have been a social worker for 20 years with Young offenders working with children aged between 10-18 who commit offences. My role is to help and improve better outcomes for children, to reduce the risk of harm children present to themselves and to the community and reduce the risk of re-offending.

I have been the lead governor at Ettington for SEND and Safeguarding since 2019. I will continue to lead on these roles alongside my responsibilities as Chair.

I am a mum of two boys, Alfie is in year 6 and my son Jack is now in high school. I lived in Ettington for 10 years before recently moving.

I love to open water swim and any down time I get I like to spend it with my family and friends.
